As this research is being carried out under the responsibility of the University of Amsterdam, we can guarantee that:

- 1) Your anonymity will be safeguarded, and that your personal information will not be passed on to third parties under any conditions, unless you first give your express permission for this.
- 2) You can refuse to participate in the research or cut short your participation without having to give a reason for doing so. You also have up to 24 hours after participating to withdraw your permission to allow your answers or data to be used in this research.
- 3) Participating in the research will not entail you being subjected to any appreciable risk or discomfort, the researchers will not deliberately mislead you, and you will not be exposed to any explicitly offensive material.

We hope that we have provided you with sufficient information. We would like to thank you in advance for your assistance with this research, which we greatly appreciate.

Please use the following checkboxes to indicate to which items you agree:

- ☐ I consent to being partially filmed while interacting with the project for academic purposes and publication on the website of UvA
- ☐ I consent to my feedback being used for the purpose of this research in an anonymized form
